

“You will find some people saying that they are for the so-called ‘right-to-work’ law, but they also believe in unions. This is absurd—it’s like saying you are for motherhood but against children”

-President Harry S. Truman, 1947

The **BIG LIE**

~~‘Right-To-Work’~~ is really **Right-To-Weaken!**

It will weaken our bargaining rights or political position and our ability to enforce our contracts.

The intent of the National Right To Work Committee is to weaken and destroy unions—the very institutions which were created by workers for workers to protect their rights both on and off the job.

‘RTW’ will lead to an erosion of workers’ rights and wages while causing deep divisions within our work and living communities.

To remain strong, protect our wages, benefits, pensions and continue to feel secure in our positions we must fight the Big Lie and **WORK-FOR-RIGHT!**

Throughout her career, Senator Clinton has stood with all workers as they exercise their right to organize and bargain collectively and is an original co-sponsor of the Employee Free Choice Act. She has actively opposed anti-collective bargaining provisions contained in the Department of Defense's proposed National Security Personnel System and has voted in favor of collective bargaining rights for TSA screeners.
