# University Boards

During election time people go to the polls and are asked to vote for members of university education boards. Most times nobody really knows who they are or what their positions are on the issues. AFT Michigan represents thousands of people who work at the universities and for those members, electing people to the university governing boards is akin to electing members to your local school board. These are important positions and we, at AFT Michigan, make the following recommendations:

**Dianne Byrum**

**Diann Woodard**

**Laurence Deitch**

**Denise Ilitch**

**Mark Gaffney**

**Yvette Anderson**
