**Statewide Events:** Our statewide events are opportunities for locals to come together from across the state to tackle topics that impact our broader constituencies and communities. A mix of larger in-person all day events and shorter virtual events, these are great opportunities to connect with the work that our union siblings and community members are doing as well as get introduced to various resources AFT Michigan has to offer. **Members can register at [aftmichigan.org/events](https://aftmichigan.org/events).**
